as possible.

25X1A9a

25X1A9a Met with Mr. [REDACTED] of ORR to discuss the development of a  
schedule in ORR/DT. Mr. [REDACTED] will provide us with a list to be used in  
the development of a schedule.

25X1A9a

25X1A9a [REDACTED] of ORR/Map  
visited the repository this week.

In conjunction with our review of IBM machine requirements at the repository, a meeting was held with Mr. [REDACTED] of OCR/ER. The  
conclusions reached were as follows:

25X1A9a

(a) Of the 4 series of cards now being deposited, 3 would be replaced by listings;

(b) No machine operations would be necessary for maintenance of the tabulating cards to remain on deposit;

(c) The present equipment would be adequate for emergency exercises; and

(d) In the event of an emergency, requirements for this office would be:

- (1) Half-time use of one 407 tabulating machine;
- (2) Two sorting machines;
- (3) One collator; and
- (4) Limited use of one punch machine.
